Assignment Calendars/Agenda Planner

Do any of these situations sound familiar?

- * You get home, open your math book, and then can't remember which problems your teacher assigned for homework.
- * You walk into your first period science class and see that everyone has their projects finished and ready to present . . . everyone but you.
- * In English, your teacher announces that you are having a pop quiz . . . on pages from the novel that you forgot to read last night.

What can you do to help you remember your assignments and scheduled events? Keep an updated assignment calendar/agenda planner!

CSI Vision Statement

We need to select a vision statement that describes the climate/atmosphere of the school, what the school is supposed to be doing and what the end goal is for both school and students. It is important that we have input from all stakeholders, that is anyone with an interest in the school. Please use the attached ballot to vote. Please return the ballots to the Registrar by email or hard copy to the office before the winter break. Thank you for your support.
