After the morning award ceremony will enjoy lunch sponsored by the booster club. Thank you to our Booster Club members and all of the parents and community members that came out to help. Next week we will put our lost and found items out in the small gym to be claimed. Any unclaimed items after June 17th will be given to charity.

TIPS ON TAKING MATCHING TESTS

Some tests or portions of a test will ask you to match items in one list to items in another list. Even if you don’t know every item, you may be able to figure them out.

1. Count to see which list has fewer items –EVERY ITEM in the shorter list will have a matching item in the longer list, with a few extra ones left over.
2. Answer items you know first-mark off each item as you use it so you won’t mistakenly use it again.
3. Make intelligent guesses for items you aren’t sure of, using clue words to help you.

Knowing the facts is the very best way to match up items, but FINDING CLUES in the items can help you figure out answers you don’t know or are unsure of. REMEMBER: You can use your KNOWLEDGE IN ONE AREA to figure out an answer in another area.
