GET READY, GET SET...PLAN!

Strategy 3. Reflecting on your time management. How much rest do you need and when is dinnertime?

Most people need between eight and ten hours of sleep each night to function at their optimum during the day. Be sure to include some time for meals and rest. You will be much more productive and alert when you are eating right and getting enough rest.

Wrestling

Last Saturday the Alconbury Community hosted the Northern Sectional Wrestling Championships. Aside from our Dragons, other schools represented were: Ramstein, Rota, SHAPE, Lakenheath, Brussels, and Menwith Hill. Dustin Varia, and Matt Geronimo lost matches against tough opponents. Dallin Cazier came in 4th in his weight class while Xavier Merrill came in 3rd. Xavier and Dallin were selected as “wildcards” to go to the European Championship this week in Wiesbaden! The team would like to thank all of the students and parents who came out to support us thru the whole season.

CHILD FIND is a DoDDS program that actively seeks to locate and identify children and youth, ages: birth through 21 years of age, who may have developmental delays or educational disabilities and may need special education and related services. Child Find activities, when conducted in the school, may include teacher observations, parent observations, and conferences to discuss your child’s strengths and needs. These activities may lead to a formal process designed to further explore ways to assist your child. This process may ultimately result in a recommendation for your child to receive special education services. If you have a concern about your child, please contact Mrs. Black at 268-3335 and she can provide you with information about Child Find.
